SPONSORSHIP OPPORTUNITIES
11-12 OCTOBER 2023

ROTHERHAM, UK

Nuclear Manufacturing Summit 2023 – Driving towards delivery

The Nuclear AMRC's annual Nuclear Manufacturing Summit will be held at Magna Science Adventure Centre, Rotherham, on 11 and 12 October 2023.

Our programme builds on the previous summits, with a focus on driving towards delivery. This year has already seen the launch of Great British Nuclear and the AUKUS strategic partnership, as well as exciting developments in advanced nuclear technologies, decommissioning and fusion.

Join us for a packed and engaging programme of presentations, panel discussions, opportunities to meet one-to-one with buyers and suppliers and a large manufacturing showcase exhibition.

New for 2023 are the UK Nuclear Manufacturing Awards. Held on the evening of 12 October at a spectacular gala dinner, the six awards will recognise the best of the best in the nuclear manufacturing sector across a range of categories.

WHO SHOULD ATTEND?

This event is for UK manufacturers looking for opportunities in the nuclear market at home and wanting to play a part in the mission to reach net zero emissions and reform the global energy market.

WHY SPONSOR OR EXHIBIT?

The Nuclear Manufacturing Summit will be of value to sponsors and exhibitors by:

- Sharing knowledge and best practice from across the UK
- Developing business relationships within the energy community
- Showcasing the activity the sector is undertaking towards a low-carbon future
- Exploring the opportunities for the supply chain
- Promoting an innovative and sustainable energy sector
